

Ranpak cushioning systems the natural choice

PadPak[®] Junior

**Flexible in application,
powerful in protection**

Excellent cushioning performance created by a multi-ply paper pad

The PadPak Junior is a compact machine, capable of high performance in smaller-scale packing departments. This mobile paper converter can be used in the widest variety of applications where flexibility is desired.

The packing system is ideally suited for use in packing environments with several packing stations. Quite simply, it can be used wherever the PadPak system's unique protective and fixing capabilities are required.

Its ergonomically designed handle makes it extremely easy to use. The pad can therefore be cut to any desired length.

- **Cost effective:** save money on materials, storage, labor and increase productivity
- **Versatile:** one material for all your in-the-box packaging needs
- **Environmentally friendly:** 100% biodegradable, recyclable and renewable
- **Excellent shock absorption:** 2-ply pads offer excellent cushioning
- **Mobile:** the converter can be moved around to provide packaging material where it is needed

Packaging Engineering

Ranpak's Packaging Engineers are experts in the design, analysis and testing of in-the-box packaging. Send your packaging challenge to Ranpak and one of our Packaging Engineers will design a packaging solution that will ensure that your product arrives at your customer economically and damage-free. Ranpak's Packaging Engineers analyze your current packaging and benchmark this against its own packaging design recommendations.

Each package design report provides you with our recommended packaging solution and includes a thorough cost analysis and comparative test results. This way it is directly clear how much you can save on materials while realizing damage reductions. Ranpak's Packaging Engineers and Sales Representatives can visit your facility to train your packers on how to use our products and they can perform an on-site cost analysis.

Applications

Specifications

Converter

Dimensions WxDxH*	80x78x154 cm
Weight	47 kg
Voltage	230 Volt
Power	250 Watt
Max current	1 Amp
Frequency	50/60 Hz
Operation	Manual lever
Speed	0,3 m/s
Cut method	Manual lever

Paper rolls

Basic Weight	70/70 gr/m ²
Length	160 m
Weight	15,4 kg
Width	68 cm

Paper pallet

Dimensions WxDxH*	120x80x83 cm
Weight	328 kg
Rolls per pallet	20

* Width x Depth x Height
