General Conditions:

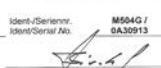

- The prices exclude tax.
- If we don't have any cross in stock, we will manufacture in 2 weeks.
- The prices don't include international transport. The price of delivery in France / Belgium: **100 €/unit**, but reductions of delivery cost are available to bulk orders.
- The crosses include manual, wall bracket and training on how to program them.
- The crosses have a two year guaranty period without cost (e.g. parts and international transport).
- The customer and after-sale services are included in the quoted price.

Our Partners:

The calibration of light sensors and alignment of LEDs are made by our GOSSEN luminance meter. It is calibrated and certified directly by GOSSEN Germany.

Gegenstand Object	Leuchtdichtemessgerät Luminance meter	Hiermit wird bestätigt, daß die festgestellten Messwerte zum Zeitpunkt der Kalibrierung die spezifischen Herstellerspezifikationen erfüllen. Die Kalibrierung erfolgte durch Vergleich mit Prüflicht, die einer Prüflichtanordnung gemäß DIN EN ISO9001:2000 unterliegen. Die Rückführung dieser Prüflicht auf die internationalen Normale, mit denen die Physikalisch Technische Bundesanstalt (PTB) die physikalischen Einheiten im Einheitsystem (SI) darstellt, ist über Werkzeuge sichergestellt und kann auf Wunsch angefordert werden. Für die Kalibrierung und deren Dokumentation trägt der Aussteller dieses Kalibrierscheins die alleinige Verantwortung.
Hersteller Manufacturer	GOSSEN Foto-und Lichtmesstechnik GmbH	This is to certify that at time of calibration the measured values meet all relevant published specifications
Typ Type	MAVO-MONITOR - USB	The calibration is performed by comparison with measuring and test equipment, which is verified via factory measurement standards according to DIN EN ISO 9001:2008
Ident./Seriennr. Ident/Serial No.	M504G / 0A30913	This is to certify that the individual elements maintained by the Physikalisch Technische Bundesanstalt (PTB) in the international system of units (SI) is restored and can be requested if needed. The issuing company is solely responsible for the performance and documentation of the calibration

Speak to us in English using our telephone interpreters who translate the conversation between Spanish and English immediately. Call are charged according your carrier and the cost of the interpretation service is met by us.

Our circuits are made in glass fibre on both sides (thickness 1.6 mm) which are UV-proof and humidity-proof; because circuits are protected by a special varnish, and can even withstand condensation and chemicals agents.

Our crosses using the best materials and brands in the market: TEXAS, THOMSON, MOTOROLA, MICROCHIP, JST, BERG, etc.

Certifications:

We manufacture our crosses in compliance with the European law:

- UNE EN 60598-1
- UNE 20324
- EN 55015
- EN 61000-3-3
- UNE EN 60598-2-3
- UNE EN 61050
- EN 61000-3-2
